

# 1 APPLYING FOR A ROLE

All applications for roles at SlashData should be made online via our jobs portal.

You will be asked to apply with a resume and a short 30-sec video introducing yourself and why you'd like to work at /data. If you're video-shy you can always send us a PPT introduction.

# 2 THE SHORTLISTING PROCESS

Throughout each stage of the recruitment process your applications will be reviewed by the Hiring Manager for the role and you will receive an email advising you if you have been moved to the next stage of the recruitment process.

# 3 CHALLENGE - ASSIGNMENT

We love to challenge our candidates so if you are moved to the next stage of the recruitment process you will be asked to complete an assignment as part of your application.

# 4 INTERVIEWS

We see interviews as a two-way process where we have an opportunity to find out more about you and your suitability for the role, and you have the opportunity to learn about SlashData and whether your qualifications and career ambitions align with the position. You will have an opportunity to speak with the Hiring Manager and Andreas, our CEO.

If shortlisted for interview, you will receive an email informing you of this.

**GOOD  
LUCK!**

# 5 AFTER THE INTERVIEW

All candidates will be informed of the outcome of their interview and we aim to do this as soon as possible
